

DEATH LIST IN CHICAGO RACE WAR 27

4 KILLED IN RENEWAL OF RACE RIOTS

Disturbance Spreads to Widely Scattered Sections

DECATUR, Ill., July 30.—H Company, Tenth Regiment, I. N. G., was ordered early this morning (Wednesday) to report at once to Adjutant General Dickson in Chicago. The company, under Captain J. Lee Cline will enter at 6:15 this morning.

BULLETIN. CHICAGO, July 30.—Rioting between white and blacks continued long after midnight, and several casualties were added to the list of 27 dead and hundreds of wounded. A negro residence at 57th street and Wentworth was burned by whites, but the occupants escaped.

The Ninth and Tenth Regiments of Illinois troops from Cairo were reported on the way to Chicago to increase the available soldiers to more than 7,000, but none had taken up patrol duty, the city officers refusing to ask military aid.

fresh outbreaks tonight in the Chicago race war city officials at midnight professed themselves satisfied with what the police were doing and several thousand state troops remained in armories. At that hour the death list totaled 27, two negroes and two whites having been killed during the evening and another negro having died of wounds received Monday.

Injured List Swells. The injured list had been swelled by uncounted scores and several of wounded may not survive. Disturbances were reported from the South Side, "black belt," an Italian district on the West Side and from the near North Side.

Threat of the day and evening Governor Lowden was in conference with city officials, state officers and heads of state militia units. He also called for advice from Colonels Milton Foreman, Abel Davis, Henry Allen, Henry J. Reilly and John W. Cline, who commanded Illinois regiments in France.

In addition Col. Joseph B. Sandborn, who led the old "Dandy First" overseas was reported en route from Springfield to Chicago. Samuel Insull, former chairman of the state council of defense and Roger Sullivan, Democratic leader, also saw the governor.

The governor let it be known that four regiments of state troops were ready for duty at a minute's notice and that they would be sent into the riot district as soon as request came from the proper municipal authorities.

Auto Crashes Into Patrol. The first pitched battle of the night occurred at Thirty Fifth and South State streets, one of the centers of trouble since the first rioting Sunday. A small automobile filled with whites, each armed with a pistol and all firing indiscriminately at blacks, crashed into a patrol wagon at the street intersection.

Two of the whites were killed in the collision. Two others and every policeman in the patrol wagon were injured. Immediately there was a rush of blacks and policemen to the wreck. Police could not chase the enraged negroes away and opened fire, killing one negro and wounding thirty others.

The wounded policemen and whites were placed in ambulances and a crowd of whites followed them to the Provident hospital. Outside that institution which is maintained and manned by negroes a crowd of blacks had gathered and the two races quickly clashed.

A call for police brought a strong detail who charged half a dozen times before the rioters were dispersed. One negro police sergeant and a dozen rioters were wounded in this clash. One of the whites wounded in the fight at the automobile was Frank Hoedek, an employee of the Federal Collector of Revenue. He was caught under the machine and a negro shot him in the face. The negro was arrested.

Kill Negro; Burn Body. A fatal assault took place in the West Side Italian district in front of 839 Lytle street. A negro was knocked from a bicycle, beaten, stabbed, wounded with sixteen revolver bullets, and, after death had relieved him, gasoline was poured on his body and set afire. The corpse probably will never be identified.

Miles south of the black belt there were fights in the evening in Woodlawn, near Sixty Third street and Cottage Grove avenue and in Englewood near West Sixty Third street and South Racine avenue. A stray bullet wounded an aged white woman a block away.

PLAN REFERENDUM OF CHICAGO CAR MEN

Grant Austria More Time To Answer Pact

PARIS, July 29.—(By The Associated Press.)—Austria has been granted seven additional days for consideration of the peace terms. August 6 will be the final day on which the Austrian representatives may submit inquiries. This was decided upon by the supreme council today.

The council also decided to ignore Von Bethmann-Hollweg's request to stand trial for the former emperor. A commission of experts will be named to appraise the control of the rolling stock of the German, Austrian and Bulgarian railways. The economic clauses of the Bulgarian treaty which is now virtually complete excepting definition of the boundaries of Bulgaria, were approved.

The council approved the report of the special postal commission which authorizes all the allied countries to resume postal and telegraphic connection with Germany under such restrictions as the individual countries regard as necessary.

HUNS TO HASTEN WAR INVESTIGATION

BERLIN, Monday, July 28.—(By The Associated Press.)—Socialist motions to hasten the bill establishing a state tribunal to investigate the cause of the war and the guilt for it, passed the national assembly at Weimar today by a large majority.

Dr. Eduard David, minister of the interior said that Germany must have such an institution to offset the entente's proposed court.

"The truth will be very painful to some people," Dr. David declared, "but it will be a blessing to the nation as a whole."

TO PROBE OPERATIONS OF BIG PACKERS

DETROIT, July 29.—Operations of big packing companies and other concerns dealing in foodstuffs are to be investigated by Attorney General Alex J. Groesbeck to determine whether prices are controlled in violation of Michigan's anti-trust law. In making this announcement today Mr. Groesbeck stated that if investigation showed any companies violating the state laws an effort will be made to bar them from doing business in the state.

Rockford, July 29.—Succession of fires in local junk yards, believed to be incendiary and causing a loss estimated at \$50,000 caused the local authorities today to ask for an investigation by the state fire marshal.

Orders Grand Jury Probe

State's Attorney Hoyne took official cognizance of the riots today and ordered a grand jury investigation. The August grand jury will be sworn in next Monday.

Four assistant state's attorneys were held on duty tonight at the criminal courts building.

Chief Garrity today suspended a policeman who was charged with failure to arrest a white youth who threw a stone which struck an unidentified negro youth knocking him from a raft at the Twenty Ninth street beach Sunday afternoon. The negro was drowned and that incident has generally been conceded as the start of the riots. The policeman said that mobs of thousands of fighting whites and negroes were such that it was impossible for him to find the youth.

BLAME HIGH ARMY OFFICERS FOR BRUTALITY

Committee Head Says Effort Will Be Made to Punish Guilty

NEW YORK, July 29.—Scores of instances of brutal treatment of American soldiers in the prison camps of France, described in some cases as amounting to a system of torture, responsibility for which was placed by the witnesses on high army officers were related today before the congressional sub-committee which is investigating the disciplinary systems of the A. E. F.

Charge Two General Officers. The committee consisting of Representative Royal C. Johnson of South Dakota and Representative Oscar E. Bland of Indiana met in the disciplinary barracks on Governors Island. The third member of the sub-committee, Representative Henry Flood of West Virginia, was not present.

The men high up, who were directly charged by witnesses with responsibility for the prison conditions included Brig. Gen. W. W. Harts, former commander of the American troops in the Paris district; Major General Frederick Smith Strong of the 40th division; Col. Edgar Grinstead, commander of the 158th infantry and Col. J. S. Maul, of the field artillery. A number of captains and lieutenants also were named as having taken an actual part in the brutal treatment of the prisoners.

At the close of the hearing Representative Johnson, who is chairman of the sub-committee, announced that all cases in which charges were made would be placed before the inspector general of the American army and every effort made to bring the guilty men to punishment.

"From the evidence before the committee," said Mr. Johnson, "it seems clear to us that while some of the charges were merely the scapegoats of higher officers. We want to discover who were the men 'higher up' and we will do everything in our power to see that they are brought to trial. It is apparent that this was not a case of brutality in an individual prisoner but that similar conditions existed in practically all the prisons of France."

Col. Donaldson on Stand. The principal witness at the hearing today was Col. T. Q. Donaldson of the inspector general's department who made an official investigation of the prisoners' charges of brutality which were made public. Under close questioning by Representative Bland and with obvious reluctance, Colonel Donaldson admitted that responsibility for the conditions in the Paris prisons, concerning which some of the most sensational charges of brutality have been made, had been laid to General Harts. He was then questioned sharply as to the reasons why Colonel Grinstead, who had been in charge of Farm No. 2, had never been brought to trial, although Colonel Donaldson in his report had recommended his court martial for neglect of duty.

"I have nothing to say about that," he replied.

"Do you know of any reason," persisted Mr. Bland, "why Colonel Grinstead should not have been brought to trial?"

"Oh, no."

"And that they had a good go in the person of 'Hardboiled Smith'?"

"I have nothing to say about that."

Will Consider Colombian Pact Publicly

WASHINGTON, July 29.—The century-old senate custom of considering treaties in secret will be broken next Monday when the long-pending Colombian treaty is taken up. This decision was reported today by unanimous consent of the senate membership.

The agreement for open sessions, regarded possibly forestalling public consideration of the peace treaty the Franco-American agreement and subsequent treaties followed unanimous approval by the foreign relations committee of the Colombian convention calling for payment to that nation of \$25,000,000 as claims growing out of the partition of Panama. Before approving the treaty, however, the committee struck out the original clause expressing the regret of the United States to Colombia for action in the canal proceedings.

When the Colombian treaty was submitted formally to the senate in legislative session late today, Senator Fall, New Mexico, Republican member of the foreign relations committee moved that the senate consider the convention in open session. Republican Leader Lodge asked unanimous consent for an order opening the senate's doors when the treaty is called up next Monday.

Senators Harding, of Ohio and McChesney of North Dakota, Republicans, also were present.

SEN. GAY PRAISES LEAGUE OF NATIONS

WASHINGTON, July 29.—The league of nations was praised in the senate today by Senator Gay, Democrat, Louisiana, as the practical application of the principles of the American government.

He lauded the league as the best of the world under the clearest and best adjustment of governmental affairs ever put in operation since the Divine Master came to earth and preached the gospel of peace and good will to all men.

The speaker eulogized President Wilson for his best efforts at the peace conference and declared the sentiment and best interests of the country demanded ratification of the peace treaty, leaving to the future the adjustment of its defects.

"This league is not a panacea for all the evils which have afflicted the nations," he said, "but if it shall prevent even one war it will have served humanity and civilization."

He had not long to live and wanted to tell the truth while he was alive.

Smith was sentenced to three years imprisonment on charges of bearing prisoners and stealing their property. His sentence was reduced to eighteen months and when Colonel Donaldson was on the stand he was asked to explain this reduction but could give no reason for it.

Expresses Doubt As To League Merits

WASHINGTON, July 29.—Expressing doubt as to the merits of the league of nations and pointing out that either the league covenant or the "peace of force" with which it is linked must in the end perish, Senator Thomas, Democrat, Colorado, told the senate today he had reached no final decision as to the treaty of Versailles.

No Evidence of Change. While hoping that the great war had so uplifted human morality and intellect as to make permanent peace possible Senator Thomas said he could see "no evidence of such a change."

"The world is today more turbulent and scarcely less bloody than before signing the armistice," he said. "The people of no nation on earth seem inclined either to peace or to the arts of peace. The passions and discontent of man rock the earth."

"Wars cannot be averted by any plans, leagues or precautions unless the minds of men become averse to war; and I am unable to accept the theory that men can be made merciful, wise and moderate by treaty regulations. They make no plea for Germany. She rightly merits every requirement which the treaty has imposed upon her. But the Germans are human beings, inspired by human impulses. They have not accepted this treaty. It will be respected only so long as the allied powers can dictate."

"The league of nations is international in its framework if not in its substance. The spirit of nationalism was never more assertive than it is now. President Wilson's announcement of the right of self-determination was like deep calling unto deep. The response greeting it was universal. It was a dream. Through no menace if it were not an unattainable agency can be banished from the affairs of men."

Cannot Return to Old. "My study of the causes of human strife have convinced me that against my inclinations that the optimism of those in times past and of those now loving regarding the establishment of permanent international relations of any sort must prove disappointing. I am also aware that we cannot return to the old conditions and expect to avoid the old consequences. Hence this address is not a plea for treaty rejection. It may be better in operation than it seems in theory. I have read the draft of the league many times and I am not yet prepared to pass final judgment upon its merits."

But I have learned that a league for peace is the unwelcome companion of a peace of force. Their ways are divergent, their objects antagonistic, their details inconsistent. The league inspired by unselfish and uplifting impulses, typifies peace and reconciliation. The treaty based upon passion and self interest embodies suppression, partition, punishment, indemnities, reparations, and the league proposes a plan for a new order in world affairs, the treaty perpetuates the old order."

The treaty is doubtless the best that the conflict of ideals and interests could have produced. But its contending elements can not co-exist, for they are mutually destructive. If the conditions of the treaty persist the league will perish. If the covenant survives the treaty must temper its harsher features to conform with the mission of the league."

"I could write a covenant for a league to enforce peace. I would, bearing in mind the arbitration treaties of 1913, and continuing allied association for treaty enforcement, confine it to the English speaking nations and colonies of the world. There are institutions of free men, the wealth, the commerce. If they can not save the world, it is past all redemption."

SAYS AMERICANS SMUGGLE AUTOS

Berlin, July 28.—Monday.—By The A. P.—The Deutsche Zeitung claims that the Americans in the occupied territory are attempting to sell their own and the balance of the army's huge stock of automobiles by smuggling them into Germany thru the occupied territory to avoid the German law against the importation of manufactured products.

WILSON SENDS FRENCH PACT TO SENATE

Declares Treaty But Partially Discharges Debt to France

WASHINGTON, July 29.—The special treaty with France providing immediate American aid to that Republic in repelling any unprovoked attack by Germany, was sent to the senate today by President Wilson.

In his message urging ratification the president declared the treaty promised a "temporary supplement" to the treaty with Germany and the league of nations covenant, designed to give France protection in an emergency "without awaiting the advice of the league to act."

But Partially Discharges Debt. He pointed out that a similar promise had been made by Great Britain and said that the obligation the United States but partially discharged a debt to France which "nothing can pay" in full.

The senate, where the president's failure to submit the treaty sooner has been under repeated fire from Republican members, received the message in open session and referred the treaty with-out discussion to the foreign relations committee.

There was no reference in the message to the senate criticism which was based on a clause of the treaty requiring that it be "submitted to the senate of the United States at the same time as the treaty of Versailles," presented by the President on July 10. The message did refer to this because, however, stating it was provided that the two treaties be considered as one.

"The subject of consideration at the 'same time' and adding that as opportunity now had been offered to examine the Versailles treaty it was opportune to present the other."

Departing from his custom of delivering his messages to congress in person, the president transmitted the treaty and his request for ratification by messenger. Both became public by the senate's unanimous agreement to remain in open session while the message was read and to print it and the treaty in the record. The request that this course be followed was made by Chairman Lodge of the foreign relations committee.

To Hear Several Experts. Although the committee has made no definite plans, it is likely that the treaty will be taken up by it within a few days and considered jointly with Versailles treaty. Before this is done, however, the committee will hear several of the experts who advised the American peace delegation on economic questions. Bernard Baruch the first of these to be heard will appear at a public hearing Thursday. The senate most of the day discussing the league of nations, Senator Thomas, Democrat of Colorado in an address expressing doubt as to the efficacy of the league in attaining international concord told his colleagues he had not decided whether he could support it.

Senator Gay, Democrat, Louisiana, urged its ratification with reservation and Senator Nelson, Republican, Minnesota, announced that while he wanted to see it ratified he thought reservations necessary.

President's Message. President Wilson's message to the senate today accompanying the Franco-American treaty follows:

Gentlemen of the Senate: I take pleasure in laying before you a treaty with the Republic of France the object of which is to secure that Republic of the immediate aid of the United States of America in case of any unprovoked movement or aggression against her on the part of Germany. I earnestly hope that the treaty will meet with your cordial approval and will receive an early ratification at your hands, along with the treaty of peace with Germany. Now that you have had an opportunity to examine the great document I presented to you two weeks ago, it seems opportune to lay before you this treaty which is meant to be in effect a part of it.

Signed Same Day With Treaty. It was signed on the same day with the treaty of peace and is intended as a temporary supplement to it. It is believed that the treaty of peace with Germany itself provides adequate protection to

Wilson Not To Start on Tour Before Aug. 15

WASHINGTON, July 29.—President Wilson will not leave on his speech-making tour of the country before August 15 and possibly not until late in August. This was indicated tonight by the formal announcement by Secretary Daniels after a conference at the white house that the review of the newly organized Pacific fleet at San Francisco, originally set for August 15, had been postponed in order that the president might be present.

Shortly before Mr. Daniels conferred with the president, it was announced at the white house that Mr. Wilson would resume his conferences with Republican senators tomorrow. As there remain 33 Republican senators whom the president has not invited to the white house it was believed his conference of nations opposing the league of nations would require about ten days. This also was taken to indicate that the president did not contemplate beginning his trip until probably the middle of next month.

The announcement made by Secretary Daniels merely said that the "president had found that it would be impossible for him to leave Washington in time to be in San Francisco on the date set for the reception there of the Pacific fleet."

The secretary informally said, however, that he had received the impression that the president would start on his tour between the twentieth and thirtieth of next month.

The change in the date for the fleet review at San Francisco, however, Secretary Daniels said, would not affect the schedule for the arrival of the fleet at San Diego, August 7, and at Los Angeles, August 9. The fleet, he said, would be held at a southern California port, pending the arrival of the president.

The president's conference with Secretary Daniels came at the close of a busy day, during which he saw Senators Swann, Virginia and Underwood, Alabama, and Representatives Alexander, Missouri and John W. Rainey, Illinois, and later presided at the weekly cabinet meeting.

NAME COMMISSION TO INTERPRET TREATY

PARIS, July 29.—By The Associated Press.—The inter-allied supreme council decided today to appoint a permanent commission to coordinate and interpret the German peace treaty. The committee will be composed of five members representing the five great powers.

The commission will have its headquarters in Paris but is empowered to convene elsewhere if necessary. It will sit after ratification of the treaty. The members will have diplomatic standing and will be aided by staffs of technical advisors.

The Earl of Derby, British ambassador to France was announced today as Great Britain's representative.

TRI-CITY TRACTION MEN THREATEN STRIKE

CHICAGO, July 29.—Unless the employees of the Tri-City Railway Co., and the Moline, Rock Island and Eastern Traction Co., receive a wage increase to 75¢ an hour by four o'clock Friday morning the men will strike. This was the ultimatum served on the company at the increased fare hearing before the state public utilities commission here today.

The company thru B. J. Denman, president of the railway company and R. Shadock, vice president of the United Light and Power Co., say that even though they are allowed the fare they are asking, 7 cents the company will only be able to grant a maximum to the men of 56 cents an hour. At today's meeting the men were represented by J. B. Lawson, International Vice President of the Street Car Men's Union.

BLAME RADICALS FOR STRIKE ON TRACTION LINES

Union Official Says Vote Will Show Attitude of Workers

CHICAGO, July 29.—At the end of the first day of a complete strike of street car and elevated employees numbering 15,000 who quit at 4 a. m. today, officials of the union were preparing to call a referendum vote of all carmen.

Blame Radicals. L. A. Busby, president of the Chicago surface lines and L. D. Bland, treasurer of the International Union both blamed radicals among the carmen for voting last night to strike at once. Bland said today a referendum would show the attitude of the majority of car workers on the offer made by the companies.

Bland also summoned William D. Mahon of Detroit, president of the Amalgamated Association of Street Railway Employees of America, the organization to which both surface and elevated carmen belong.

The union officials here issued a statement tonight declaring that the element that dominated the meeting of union men last night had refused to follow the advice of their officials to hold a referendum and had voted for an immediate strike. The statement explained that the action of that element prevented the rank and file from expressing their wishes on an offer of an eight hour day, time and one half pay for overtime, a maximum wage of 65 cents for surface workers and 67 cents for elevated carmen.

Loop Traffic Congested

With the traffic in the downtown or loop district irregular, and at times badly congested during the day, the striking men and their employers declared that no immediate settlement of the situation was in sight. During the morning traffic in the loop became congested as a result of the removal of the riot area of all traffic policemen. Later, however, a number of these were recalled for duty at street intersections and the congestion at the busy hour tonight had been somewhat relieved.

Police officials expect to have the situation in hand tomorrow when a citizens' traffic squad, which is being organized, will aid the police in keeping the streets clear.

Approximately 400,000 persons resorted to every means of transportation today or stayed at home. Workers in the business district took the situation good naturedly. Vehicles that had long been jammed rattled under the pavements, almost giving way under their overload of passengers who could not or would not see the strike interfere with their day's business or pleasure.

In the outlying districts it was almost impossible for people to travel any great distance unless they had automobiles.

Leonard A. Busby, president of the surface lines issued a statement during the day in which he declared that the public was ready to suffer temporary inconvenience of a strike rather than have the companies submit to terms which might necessitate nine cent fares. Union officers made no statements.

Many Sleep Downtown. Many employees of business houses slept downtown tonight. Some concerns arranged with taxi lines to carry their employees to and from work. Three hundred taxis were hired by the Hotel Men's Exposition for delegates.

Although there have been no reports of disorder since morning, when a street car which had been abandoned was burned, Chief of Police Garrity placed police at all street car properties.

Neither Governor Lowden nor Mayor Tompkins is contemplating any action at present to settle the strike. They are devoting their energy to the race riots. An official of the state public utilities commission announced that the body was powerless.

TO RESUME CONFERENCES

Washington, July 29.—President Wilson will resume his conferences with Republican senators on the peace treaty tomorrow. Invitations were sent late today to seven senators to come up to the white house tomorrow and Thursday.

GIVES VOTE OF CONFIDENCE

Weimar, July 29.—(By The Associated Press.)—The German national assembly voted confidence in the government today by a large majority.

The assembly previously rejected, by a vote of 243 to 53, a motion of lack of confidence offered by the party of the right.

It is hard to keep up enthusiasm for the enforcement of our migratory bird law says the St. Louis Globe, when Ambassador Fletcher tells us that fifty-one Americans have been slain in Mexico since March, 1917, without a single Mexican murderer being convicted.

The Richmond (Va.) Times Democrat says that William Al-

len White's prophecies in the past have attained such a small percentage of fulfillment that "when the author of 'What's the Matter with Kansas,' predicts that Great Britain will have a Soviet government in less than six months, neither that country nor the balance of the world should become unduly alarmed at the prospect. The Kansas statesman is honored more for his camaraderie than for his political foresight.

Figures have been published to show that the cost to farmers of raising a bushel of wheat is \$1.09. With this as a basis it is quite easy to show a very large profit to farmers. However, the figures as to production cost of wheat vary according to localities, just about as much as opinions in a land condemnation proceeding. Then it depends a good deal as to who does the figuring. The farmers themselves are alleged statistical experts.

VARIOUS METHODS AND A COMMON END.

The Quincy city council recently instructed Mayor O'Brien to purchase food supplies from the government when the opportunity

is offered and to make the goods purchased the basis of stock for a municipal store. Rock Island people will vote on the question of establishing a municipal ice plant.

Here in Jacksonville it is understood that a movement is well under way for the establishment of a co-operative store. All these things give some idea of the tendencies of the times. They all evidence a desire on the part of the people to secure lower prices for these things that are considered as necessities.

It looks as tho the voters of Morgan county are very modest since two Republicans, C. H. Conkling and James H. Padlock, and one Democrat, A. E. Stevens, all of Sangamon county, are candidates for membership in the constitutional convention, while no Morgan county candidate has filed a petition.

Perhaps it is not so much modesty as a recollection of the fact that the city of Springfield alone has about twice as many voters as the whole of Morgan county.

East St. Louis people certainly will not rejoice over the very serious condition in Chicago brought about by race riots. Nevertheless, the East St. Louisans, judging from the spirit manifested in the castle telegram sent to Washington, will feel that the Chicago situation shows that race disturbances are likely to happen in any large city, and that without anything to warn that the conflict is so near at hand.

L. W. Noyes, Chicago millionaire who recently died, gave certain proof of his interest in soldiers and a desire to pay definite compensation for sacrifices made. This rich man during his life time gave two and a half million dollars to provide education for disabled soldiers or members of their families. By will he added to this great sum, choosing to do this beneficent work instead of leaving his money to relatives. No memorial of bronze or as lasting, but the patriotic beneficence of Mr. Noyes will live thru centuries.

A LESSON IN ECONOMY.

The Christian Science Monitor shows how little savings or rather little wastes count. Half an inch or so of ribbon seems a small thing by itself, but a recent discovery of waste of such material in a hat manufactory serves as a good example of the tremendous total of waste economy that is beginning to be practiced thruout the industrial world by thus taking into consideration the seemingly unimportant. In this case the girls whose work it was to sew silk-ribbon bows and hatbands on hats had each customarily been given a roll of ribbon from which she cut off the length needed for her purpose; almost invariably she cut more than she needed, and when the efficiency man estimated the total value of these wasted bits of ribbon, they figured up to \$500 a year in a single factory. The ribbons are now cut with accurate gauges, and the waste in that factory is done away with. Although many things that happen nowadays would disturb Benjamin Franklin, there are surely others that would mightily please him.

THE BURNING HEART

"The church with the burning heart," that was the ideal that Rev. W. H. Marbach, pastor of State Street church, held up before his audience at a recent service. The minister told of one church famed because of its vast membership; of another where men of great eloquence had always filled the pulpit; of a third where wealth made possible great contributions to church philanthropy. Still other churches notable for special reasons were mentioned and then the minister went on to say that his hope for State Street church is that it may be "the church with the burning heart."

The minister explained that this phrase summed up his wish that each member of the church might be consumed with a special zeal for service and that service inspired by love. It was a high plane for thought and action that the minister offered and it gave the members of his congregation a great deal to think about. In the after hours it no doubt

was impressed upon them more and more that it is people with "burning hearts" who do real things in this life. Numbers, orators, wealth, gifts—all these things are well enough in their place, but the life which is really conspicuous for worth while effort—the life which is known because of the service rendered to family, to friends, to humanity, is really the greatest life of all.

Just a little study of the world shows the influence of one individual with a "burning heart." How great indeed then would be the influence of a church with such a heart, or any other organization made up of individuals consumed with a zeal for service—individuals in whom selfishness had been conquered, choked out with the earnest and sincere wish to serve.

Rippling Rhymes
By Walt Mason

PERVERSE HUMANITY

Wherever men assemble, in wilderness or street, they make the welkin tremble with howls about the heat. And there are countless criers, all bathed in summer sweat, who sigh for gin and bitters, to make them hotter yet. But recently red liquors were banished from the stores, and there are countless quakers who miss the swinging doors, who miss the old brass railing, the old time forty drops; and they put up their wailing, and fill the air with yawns. But in the bright hereafter, the golden years to come, they'll greet with jeering laughter the very name of Rum. They'll wonder how such mortals whose sanity got by, could seek those swinging portals, to douse their works with rye, to pay good coin for sickness and sorrow and disgrace, and throw away with crazy quickness, red poison through their face. Some men have had their bitters since first their whiskeys grew, and now, unwilling quitters, they raise a howdy-do. But when they've learned to swallow cold water, plain undyed, to fill the aching hollow that each one has inside, they'll wonder, oh, they'll wonder, in groups of threes and twos, how in the name of thunder they ever cared for booze.

I. W. C. FACULTY
ADDITIONS MADE KNOWN

Miss Olive Austin Well Known Here Will Fill Post of Dean—Prof. Henry W. Pearson Chosen Director of Music—Other Appointments.

Announcement has just been made of a number of additions to the faculty of Illinois Woman's college. President Harker and Vice President Nymann feel that the new members of the faculty will join heartily with the old members in emphasizing a high grade of scholastic work and a beautiful home life for which the college is famous.

Miss Olive L. Austin, favorably remembered since her career at the college as lady principal, returns this year as dean. Miss Austin's contagious personality and academic experience are such that it is a matter of sincere congratulation that the college has been able to secure her services. Miss Austin is a graduate of Ohio Wesleyan University.

Director of Music

The new director of the College of Music is Professor Henry Ward Pearson. For the past three years he has been director of the School of Music of Hood College, Frederick, Maryland. Prior to that he was for nine years Dean of the School of Music at Owensboro College and Conservatory, Owensboro, Kentucky. For the same length of time he was organist and choir master of the First Christian church of Owensboro.

Mr. Pearson secured his musical training at the New England Conservatory of Boston, where he graduated. He was also a private pupil in piano of William Sherwood, Chicago; MacDonald Smith, London; Marie Prentner, and the world famous Leschetizky, Vienna. On the organ with Professor F. E. Hawthorne, Potsdam, New York; Henry D. Vincent, official organist, Lake Chautauqua, New York; J. Warren Andrews, varden of the American Guild of Organists of New York and Clarence Eddy of Chicago.

Mr. Pearson has visited Jacksonville and made a favorable impression on all who met him and heard him play. He is a goodly man to look at, being six feet tall, weighing two hundred pounds, and is in the prime of life, having just reached his fortieth year. Mr. Pearson has a lovely family consisting of his wife and two girls, thirteen and four years old respectively. Mrs. Pearson is actively interested in the cultural expressions of community life. She is a member of the Art Society of Frederick.

Home Economics Department

Miss Bertha M. Jones of Champaign, Illinois, has been elected director of the School of Home Economics. Miss Jones secured her Bachelor's degree from the University of Illinois. After six years of teaching experience she spent a year at the Teacher's College, Columbia University, securing her Master's degree. During the past year she has been connected with the Department of Home Economics at the University of Kansas.

Miss Edna L. Storrs of Kankakee, Illinois, will be in charge of the work in Household Arts in the School of Home Economics. Miss Storrs is a graduate of the University of Chicago, where she made a commendable record in her chosen field.

Miss Latta Snider of Hastings, Nebraska, comes to the college as instructor in the Department of English. Miss Snider holds her Bachelor's degree from the Nebraska Wesleyan University and her Master's degree from Columbia University. Six years of teaching experience coupled with excellent training guarantee strong assistance to Miss Compton the head of the Department, who also has her Columbia Master's degree.

Other Appointments.

Miss Ellen I. Burk, with teaching experience in Pittsburgh, Pa., has been elected head of the department of Philosophy and Education. Miss Burk has taken post-graduate work at Harvard and Columbia Universities, subsequent to securing the Bachelor's degree from the University of Minnesota.

The School of Expression welcomes as its director, Miss Constance L. MacCammon of Lawrence, Kansas. Miss MacCammon is a graduate of the University of Kansas, with Phi Beta Kappa honors, and is also a graduate of the Leland Powers School of Expression, Boston. Her marked ability

as a teacher and exponent of the art of public speaking was recognized upon her graduation from the University of Kansas when she was appointed as an instructor by her Alma Mater.

Miss Inez Huckleby, one of the local music teachers, has been secured for the faculty of the College of Music. Miss Huckleby is a graduate both in piano and organ from Illinois Woman's College and has made an enviable reputation both as a teacher and a performer. Her work as church organist has attracted marked attention.

Miss Mary McGhee, daughter of the Rev. and Mrs. W. H. McGhee of Murrayville, is another addition to the College of Music. Miss McGhee graduated this June with the degree of Bachelor of Music. Her work as a student attracted the attention of the faculty, resulting in her election. Already she has secured a generous clientele in Jacksonville and nearby towns.

The Department of Biology will have Miss Harriet M. Whitmer as instructor. Miss Whitmer secured the Bachelor's degree from Albion College and a Master's degree from the University of Michigan. A successful career as teacher gives assurance of strong work as assistant to Miss Alida Alexander.

Business Men Seek to Have Much Needed Improvement—Baptist Church People to Give Annual Burgoo Picnic—Other Notes From Manchester.

Manchester, July 28.—On August 13th there will be the annual burgo picnic by the Baptist church people in the public park. Many features for comfort and entertainment will be provided and the public is cordially invited to be present at that time.

Manchester's business men have met three times within the past week in an effort to start a much delayed bit of improvement for the village, that of oiling the streets and main roads to a certain limit. The plan will probably materialize within a few days. A sum of almost \$600.00 was subscribed for the purpose and this is about the estimated cost of oiling. Rev. Peek made a trip to Wood River to arrange with the Standard Oil Co. for a sufficient supply of oil. The machine will be brought from Roodhouse. This was not accomplished before our chautauqua but efforts are being made to get the streets sprinkled. It is thought by Thursday the oiling can be done.

Mr. and Mrs. Ed Walker visited in Murrayville Sunday evening.

E. E. Million returned to his home in Muskogee, Okla. after a visit with relatives and friends in this city and Murrayville.

Elizabeth Boruff of Jacksonville is visiting her grandmother, Mrs. Margaret Wyatt.

Mrs. Mabel Sykes of White Hall spent a few hours with her parents, J. R. Blevins and wife Sunday.

82% Die
Penniless

It is said that out of every 100 men who die each year in the United States, 82 go to their graves penniless—some of whom leave widows or children who must either go to work to support themselves or rely on charity.

COL. CHIPPERFIELD
ON
SOME IMPRESSIONS OF
THE GREAT WAR.

Lieut. Col. Burnett M. Chipperfield was Division Judge Advocate of Illinois own 33rd Division in the Great War. He acted as liaison officer during the Muese-Argonne offensive.

Major General Bell has recommended him for the Distinguished Service Medal and in his recommendation cites his services as most exceptional and distinctly valuable, stating that Col. Chipperfield went out of his way to help wherever he could, that he gave the army every part of his ability and energy and that he not only obtained and furnished his superior officers valuable information which enabled them to act with swiftness and discretion but that in the vicinities of Consenvoye, Brabant and Malbrouk, he of his own accord, at the risk of criticism, took control of the situation, broke up blockades of traffic, when supplies were greatly needed in combat at the front, and spent long hours under shell fire in order that the fighting men might not suffer because of lack of ammunition and food. General Bell's recommendation closes with "I believe that his services were exceptionally meritorious in a duty of great responsibility."

Col. Chipperfield is a fine orator of commanding stature and splendid voice. His long service in public affairs in Illinois has been very creditable.

His address will be a real treat and he will be heartily welcomed by the "boys" of the 33rd Division and their friends.

FRANK E. JAYNES on "The Mouse in the Casket"

Frank E. Jaynes is pre-eminently a man of power. His ideas are clear cut and even startling but he never loses touch with the ground of common sense and stubborn fact. He is an original thinker and his presentation of his ideas is unusual and different. As a speaker he has the magnetic temperament of the true orator. He is a master of vivid, pure English. His voice is an unusual instrument. No other American speaker has one like it. He is constantly in demand as a speaker on civic problems. Those who want to hear a real man with a high class message will more than enjoy Mr. Jaynes.

Social Events

Miss Florence Spruitt entertained Tuesday evening at her home on Pine street, in honor of Miss Evelyn Richey of Springfield, Ill., and Miss Theoline Sharpe of Springfield, Ill. Miss Sharpe is a guest of Mrs. John Butler and Miss Richey is a guest at the Spruitt home. Delightful refreshments were served and the evening happily spent.

Gave Party for Boys.

Tuesday evening, Mrs. M. J. Donohue of South Main street, entertained a company of boys in honor of her cousins, Darrell and Harry Tippet, of Monticello. The hours from 7 to 9:30 were spent in a very happy social way and the occasion was one that the members of the company will long remember with pleasure.

Dance at Nichols Park.

Clarence Large, Glenn Large, Walter Helenthal and John Johnson gave a dance at Nichols Park Tuesday evening. The dancers were largely married people and about fifty couples enjoyed a program of dances to music furnished by Large's orchestra. Among the out of town guests were Mr. and Mrs. Peyton Berry and Mr. and Mrs. Merle Large of Kalamazoo, Mich., and Mrs. Edward Killan of Flint, Mich.

Home Makers Circle of Franklin Met Tuesday.

The Home Makers circle of Franklin held the regular meeting Tuesday afternoon at the home of Mrs. J. L. Hill. There was a fair attendance of members and a number of visitors were also present. The members responded to roll call with the names of women of the New Testament. An excellent paper on "Potatoes and Ways to Cook Them" was given by Mrs. McLamar and following this members joined in an interesting round table discussion of "Courtesy in Every Day Life." Several musical selections were given by Little Miss Fisher, a niece of Mrs. Hill, who is here from Kansas for a visit. During the social hour which followed the program the hostess served delicious refreshments.

Among the guests present Tuesday afternoon were Miss Nettie Hill, Lynnville; Mrs. Fisher and two children of Kansas, Mrs. Wesley Bland, Mrs. Robert Watson, Mrs. William Hill and Miss Edith Thursty, all of Franklin.

The next meeting of the circle will be held on Tuesday, Aug. 12, when the members will enjoy their annual picnic. This will take place in the grove at the home of Mrs. C. L. Hawker, south of Franklin.

W. F. M. S. of Grace Church met with Mrs. T. J. Pitner. Members of the Woman's Foreign Missionary society of Grace M. E. church were entertained Tuesday afternoon by Mrs. T. J. Pitner, at her home on West Col-

HAD TO BE HELPED UP STAIRS, HE SAYS

Before Taking Tanlac Calkins Had Suffered for Twenty-Six Years From Rheumatism

"Before I started taking Tanlac I was so badly crippled up with rheumatism in my legs and feet that I couldn't get up our porch steps unless some of my folks helped me, but nobody has to help me now," said H. C. Calkins, a retired farmer, living at 155 N. Lincoln Ave., Springfield, Ill., to a Tanlac representative, recently.

"I had been in a bad fix for going on twenty six years," continued Mr. Calkins, "of course, not so bad all the time as I have been for the past ten years, but enough to make me suffer a lot. My arms pained me like old fashioned tooth ache, and my legs were all drawn up so I just had to hobble around on two crutches. My legs pained me terribly all the time, but seemed to be worse at night and I could hardly get any sleep for the agony I suffered. Then, about twelve years ago, stomach trouble set in and nearly everything I ate disagreed with me and I suffered a lot with cramps and finally got so I lived mostly on light diets but that didn't seem to help any, and I got awfully weak and run-down. This rheumatism and stomach trouble caused me to give up farming, because I wasn't able to do any work myself and couldn't depend on hired help. I had tried all kinds of medicines and treatments without being helped any and got so I never expected to be well again.

Then I read about Tanlac and saw a statement by a man I knew, so I decided to give Tanlac a trial, and I'll never forget how that medicine started right in to help me—it was simply wonderful, and I could hardly believe it myself. I hadn't finished the first bottle until I was feeling lots better, so I kept on taking the medicine and now my rheumatism is not only completely gone, but all my stomach trouble as well, and I can sit down to the table now and eat as big a meal as I ever did on the farm. I don't hobble around any more, because I have put my crutches away in the attic and never expect to see them again, and I can get about now as well as I could thirty years ago. Why, I actually believe I could stand and jump on our porch steps—the same steps that I couldn't even get up alone on crutches a little while back, and I am just so thankful to be free from my troubles that I can't say too much in praise of Tanlac."

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedosa by Mr. M. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Drug Co.—(Adv.)

lege avenue. The occasion was the July social meeting of the society and the afternoon was spent in a delightfully informal way, the members busily engaged in sewing. The attendance was very good considering the warm weather now prevailing.

Lawn Party in Honor of Birthday.

Tuesday was the birthday anniversary of Miss Olive Dorsey, daughter of Mr. and Mrs. A. L. Dorsey, residing west of the city, and the event was pleasantly observed by a lawn party at the Dorsey home Tuesday evening. Eight girl friends of the young woman are her guests at a house party this week, and there were also present Tuesday evening a number of Jacksonville young men. The evening was spent in dancing and during the hours refreshments were served. Miss Dorsey received a handsome birthday ring as a gift from her house guests.

Strawn's Crossing Woman's Club Met with Mrs. Strawn.

Mrs. Robin Strawn was hostess Tuesday afternoon to members of the Strawn's Crossing Woman's club. The attendance was good and the afternoon was a most pleasant one for all. Mrs. Dimmett Trotter gave the book review, following which Mrs. C. M. Coons presented an excellent paper on "Women in War Work Abroad." Another paper which was listened to with interest was that on "Y. W. C. A. War Work in America" by Mrs. Edward Phillips.

At the close of the formal program the members enjoyed a brief social time, when the hostess served refreshments.

The next meeting of the club will be held with Mrs. Charles Bealmer on Tuesday, August 5. Members are requested to note that the next meeting is to be held one week earlier than usual.

Entertained in Honor of Sgt. Bray.

The members of the Epworth League of Grace church entertained at a picnic supper at Nichols Park Tuesday evening in honor of Sergeant Fred Bray, who recently returned to Jacksonville after a two years' service in the army. Mr. Bray was president of the League at the time of his enlistment in 1917 and has always been a popular member of the organization.

After the picnic supper had been enjoyed the guests were much interested in hearing of some of Sergeant Bray's experiences overseas. Later games were played and the entire evening proved one of much pleasure.

Among those present were: Fred Bray, Alice Bray, Lloyd Spires, Mary Spires, Ethel Spires, Ruby Mann, Anna Mann, Florence Madden, Grace Madden, Grace Marshall, Florence Jordan, Ruth Jordan, Mabel Jordan, Wilbur Rogers, Maude Monon, Leon Wilson, Edna Osborne, Mayne Kennedy, Myra Kirkpatrick, Martha LaRue, Mary LaRue, Ruth Penk, Dorothy Cannon, Irene Groves, Marion Holkenbrink, Rachel Hall, Grethel Moses, Alice Marshall, Katherine Winger, Grace Stewart and Harry Roach.

Matrimonial

Johnson-Davis.

Doe Johnson, a young farmer of this vicinity and Miss Ruth Davis, daughter of Mr. and Mrs. John W. Davis of 804 North Prairie street, were united in marriage Tuesday evening at eight o'clock by Rev. A. A. Todd, at his residence, 211 North Prairie street. Mr. and Mrs. Johnson expect to make their future home here and will leave today on a honeymoon trip to Tennessee where they will visit at the home of Mr. Johnson's parents.

RETURN FROM STAY AT LAKE MATANZAS

Mr. and Mrs. W. C. Rabjohns and children returned Tuesday from Matanzas, where they spent the past eight days at Oak Lodge. Among those who returned at Oak Lodge during this period were Mrs. Julia Goodrich, Mrs. Frank Irving, Mrs. Arthur Chaney and Miss Mabel Chaney.

RAN THRU HEAVY RAIN

Mr. and Mrs. F. E. Farrell and Mrs. L. F. Oatman drove to Jacksonville last evening from St. Louis. They did not cover the journey rapidly because for miles the roads were heavy, and Mr. Farrell drove thru a hard rain all the way from Godfrey to Murrayville. There he was greatly surprised to find that no rain at all had fallen.

WILL RETURN TO BLOOMINGTON.

Serg. Thomas Jenkinson, whose return from overseas has been mentioned, with Mrs. Jenkinson is spending some time at the home of his parents, Mr. and Mrs. E. A. Jenkinson. After visiting relative here and at Mt. Sterling, Serg. and Mrs. Jenkinson will again become residents of Bloomington.

WILSON SENDS FRENCH PACT TO SENATE

(Continued from Page 1.)

France against aggression from her recent enemy on the east; but the years immediately ahead of us contain incalculable possibilities. The covenant of the league of nations provides for military action for the protection of its members only upon advice of the council of the league—advice given, it is to be presumed, only upon deliberation and acted upon by each of the governments of the member states only if its own judgment justifies such action. The object of the special treaty with France which I now submit to you is to provide for immediate military assistance to France by the United States in case of any unprovoked movement of aggression against her by Germany without waiting for the advice of the council of the league of nations that such action will be taken. It is to be an arrangement, not independent of the league of nations, but under it. It is therefore, expressly provided that this treaty shall be made the subject of consideration at the same time with the treaty of peace with Germany; that this special arrangement shall receive the approval of the council of the league; and that this special provision for the safety of France shall remain in force only until, upon the application of one of the parties to it the council of the league, acting if necessary by a majority vote, shall agree that the provisions of the covenant of the league afford her sufficient protection.

Explains Reasons for Signing

I was moved to sign this treaty by consideration which will I hope, seem as persuasive and as irresistible to you as they seemed to me. We are bound to France by ties of friendship which we have always regarded, and shall always regard, as peculiarly sacred. She assisted us to win our freedom as a nation. It is seriously to be doubted whether we could have won it without her gallant and timely aid. We have recently had the privilege of assisting in driving enemies, who were also enemies of the world from her soil; but that does not pay our debt to her. Nothing can pay such a debt. She now desires that we should promise to lend our great force to keep her safe against the power she has had most reason to fear. Another great nation volunteers the same promise. It is one of the fine reversals of history that that other nation should be the very power from whom France fought to set us free. A new day has dawned. Old antagonisms are forgotten. The common cause of freedom and enlightenment have created new comradeships and a new perception of what it is wise and necessary for great nations to do to free the world of intolerable fear. Two governments who wish to be members of the league of nations, ask leave of the council of the league to be permitted to go to the assistance of a friend whose situation has been found to be one of peculiar peril, without awaiting the advice of the league to act.

It is by taking such pledges as this that we prove ourselves faithful to the utmost to the high obligations of gratitude and tested friendship. Such an act as this seems to me one of the proofs that we are a people that sees the true heart of duty and prefers honor to its own separate course of peace.

A large number of enlisted men and officers have registered in the new school.

The equipment has been donated by the Knights of Columbus.

ROBBERS FIND NO MONEY; LEAVE LEMON

ROCK ISLAND, July 28.—Evidence that robbers operating in Rock Island have a sense of humor was discovered this morning when Schroeder Brothers grocery store and meat market was opened for business. During the night the safe had been blown by robbers and finding no money or anything else of value to reward their efforts, they placed a lemon in it and departed.

The lemon was found in the damaged safe this morning.

CITIZENS EXPRESS VIEWS ON CITY'S FINANCIAL PROBLEMS

Since the publication of the city's financial statement on July 1 there has been a great deal of discussion as to the best method to follow to pay the city's indebtedness. The administration has asked that citizens discuss the question freely and offer any advice or suggestions which may occur to them. The Journal is glad to give space to the following statements from a number of

Jacksonville citizens bearing on the subject of the city's financial problems:

C. E. Hudgin.
"I agree with the general sentiment which has been voiced to the effect that the city's floating indebtedness should be cleared off without further delay. It seems to me that the only plan is by the issuance of bonds. I understand this matter has been presented to the city council for early action. It is to be hoped they will not delay in getting this matter in shape to present to the people, and that in doing so it is seen that provision is made for the building of the necessary filters at the new reservoir. I should like to see the bond issue made large enough, if it can be done, to include at this time the erection of a municipal light and power plant at the same location. I am in favor of progress for our city and do not believe it can possibly come under existing conditions."

Harry R. Hart.
"Bonds furnish the only way out and the early issuance of those same bonds seems to be the only salvation of this city. We can get no where saddled as we are with a big floating indebtedness. I am in favor of a bond issue sufficiently large to take care of the necessary filtration plant to insure us pure water, water that it will be safe enough to drink. We cannot underestimate the benefit that this will mean to Jacksonville. I hope the city council will get at these questions without delay."

John H. O'Donnell.
"In my opinion there is but one thing a citizen or city can do in similar circumstances to which Jacksonville finds itself—issue bonds, pay off these debts, reduce the larger rates of interest and costs, and enable the city to get on its financial feet. I would

like to see the installation of a filtration plant at the new reservoir and believe this matter should be followed up now. More water of the sort that we now have will not prove of much benefit to us personally, nor stop the unfavorable comment abroad. This city is well able to have the things she needs, and I believe that now is the time for its citizens to get together and go after them."

C. O. Bayha.
"I am in favor of the issuance of bonds to pay the city's debts and to pay them one hundred cents on the dollar, and if given the opportunity I will close my office for a day and get out and work to that end. I believe that every citizen who has the good of Jacksonville at heart will do the same thing. Now is the time to forget past differences, distrust and inharmonious, and unitedly go after and get the things we should have in this city and which it has lacked these many years. It won't be a difficult matter to have the right sort of a town if we all go to bat with the same object in view—a city that we can speak of with pride. The question of pure water should be taken now to see that the necessary filtration plant is installed while the present work is going on at the new reservoir."

A. L. Bryant.
"I am comparatively a stranger in Jacksonville, but none has my interest at heart more than myself. I was led to locate here a little more than a year ago because, after looking the city over and talking with influential people, I believed this city held a good future. I accordingly purchased business property and became one of you. I was not frightened by stories of the city's financial condition nor of its failures because I believed that its people as a whole were solid, sensible citizens who would one of these days get together on a common footing and make the old town hum."

"If, therefore, I may venture an opinion at this time under the circumstances, I should say that the city's floating indebtedness should be paid off dollar for dollar without quibbling, and that it should be arranged as quickly as may be to see that there are plenty of pure water. There are other things needed, such as lights and better street conditions but those will come if we get the other things of our hands first. "Nothing hurts a town more in the eyes of visitors and those whom we would like to have locate among us, than lack of water and talk of old unpaid indebtedness."

VALUABLE ESTATE LEFT BY AGED SCOT

Glasgow Paper Publishes Article with Reference to Estate Left by Prof. John Ferguson—Wealthy Man May Have Had Relatives in This City.

The Glasgow (Scotland) Weekly in a recent issue publishes an article with reference to the valuable estate left by the late Prof. John Ferguson of Glasgow. Duncan Ferguson has favored the Journal with a copy of the paper and suggests that it is entirely possible that the wealthy Scot had relatives in Jacksonville. The article is reprinted herewith:

Romantic circumstances are associated with the estate of £20,000 odd left by the late Professor John Ferguson, Glasgow, and in which a number of working class families in Alloa are expected to share.

The claimants to the windfall are typically Scottish, however, and, as one of them remarked to me, "When we get the siller in our hand you can come back tae Alloa an' congratulate us."

The late Professor Ferguson was a native of Alloa, and after his death, which took place on 3rd November, 1916, he was buried in his native town near the Ochils. His estate, which amounts to fully £20,000, is at present the subject of litigation, the crown claiming that as there are no heirs of the late Professor Ferguson in existence the estate consequently fell to the crown.

This suggestion, however, is being vigorously contested, and Lord Blackburn in the court of session, after having examined the various claims and documentary evidence lodged on behalf of certain claimants in Alloa and district, has delivered a judgment in the course of which he has decided in favor of the following claimants, as having established their next of kin relationship to the late Professor Ferguson, and accordingly share in the division of the estate, namely:

Miss Catherine Ferguson, housekeeper, 19 Mar street, Alloa.

William Ferguson millworker, 15 Back-o'-Dykes, Alloa.

James Ferguson, discharged soldier, 26 Shillinghill, Alloa.

Thomas Ferguson (deceased) family.

Mrs. Catherine Ferguson or Archibald, 26 Shillinghill, Alloa.

Mrs. Jean Ferguson or William, 13 Trongate, Alloa.

Thomas Ferguson, distillery worker, on military service.

William Ferguson, brewer worker, at present in Bellahouston hospital.

Peter Ferguson, millworker, 26 Shillinghill, Alloa, and Charles Ferguson, 26 Shillinghill, Alloa.

John Millar Foster, mill finisher, 64 Beauchere street, Alloa.

Charles Foster, N. S. W., Australia.

All the successful claimants were cousins once removed of the late professor.

"We'll Chuckle When We Get the Money."

I had a talk with several of the Alloa claimants to the windfall, but, like the canny Scots they are, not one was unduly elated at the prospect of sharing in the £20,000.

"We'll be able to smile and chuckle when we get the money put in our hand," one of those whose claim to a share in the estate Lord Blackburn has upheld remarked when I ventured to speak of a change in their fortunes.

The late Mr. James Ferguson, Shillinghill, Alloa, who died at a ripe old age in 1917, claimed to be a full cousin of the late Professor Ferguson. His family of seven, some of whom are married, thus claim to be next-of-kin in the disposal of the windfall.

Mrs. Catherine Ferguson or Archibald, a daughter of the late James Ferguson, told me her father often used to remark that there would be plenty of money in the family yet, a reference, of course to the means which the late Professor Ferguson was known to have amassed in Glasgow.

But as to what she and her family would do with the money, Mrs. Archibald declined to state, remarking sagely, "There's many a slip twixt the cup an' the lip," although she added laughing—

"When I get the money in my hand I'll tell you how I'm to spend it."

Although Mrs. Archibald makes no pretence to legal erudition she is sufficiently well versed in citizenship to know that expedition is not usually associated with litigation in the law courts, and while in common with the other members of her family who are claimants her hopes have been raised by Lord Blackburn's judgment as to how the windfall is to be disposed of, she is taking nothing for granted meantime.

And meantime she will not hear of congratulations.

The time for handshaking, she declares, will be when the money is actually in the possession of those who are claiming to participate in the professor's estate.

Another member of the family, Mr. John William Ferguson, Alloa, who claims to be a cousin of the late Professor Ferguson, has only recently been demobilised after serving four and a half years in the Scottish Rifles, while James, another brother, a discharged soldier, is residing in Edinburgh.

William Ferguson, another brother who is still in the Cameron Highlanders, is at present a patient in Bellahouston hospital.

"Takin' Things Canny the Noo."

When I called at the residence of Mr. William Ferguson, 16 Bock o' Dykes, Alloa, he had just returned after a stroll around the town. Old Willie, as he is familiarly known, in the district, is 66 years of age, and has been

practically all his days in his native Alloa.

For years Willie worked in a local mill, but for several months he has not been at his employment on account of the state of his health, and, as he genially remarked, he is "takin' things canny the noo."

Willie claims to be a cousin of the late Professor Ferguson, and although he could not recall any cracks with his learned relative, he was well aware that the Glasgow professor "had a guid puckle bawbees."

When I jocularly suggested that he would not need to claim an old age pension when the windfall was divided old Willie "He was always telling us, 'When I dee there will be plenty of money lying about,' Willie's merriment lighter remarked."

But Willie, after his long and arduous life in the mill, is not without hope that he may yet live to enjoy a share of his learned cousin's fortune.

COMPANY C. MEN MAY GET RIOT CALL

Capt. James Notified to Have Men in Readiness for Summons—Court House Bell to Ring if Call Comes.

Captain W. C. James, commander of the local unit of the Illinois Reserve Militia yesterday afternoon received a telegram from Major Dewey of Pontiac, ordering him to arrange for an immediate assembly of Company C if so ordered. The message was simply a preparatory one sent out as a result of the condition existing in Chicago at the present time. It may result in the calling out of the Jacksonville men or it may not. In any case it means simply preparedness. If conditions do not improve in the metropolis it is probable that Company C men may see some service shortly.

Captain James has arranged to have the court house bell rung in case of emergency orders are received from Major Dewey. Any member of the company hearing the bell rung should report at Armory Hall at once.

The following is the message received by the company commander yesterday afternoon:

Captain Wesley C. James, Jacksonville.
Arrange for immediate assembly of men if so ordered. Men not to be kept from work. Locate a supply of shot guns and riot ammunition.
DEWEY, Major.

Committee Appointed by Northminster church Called on Them Tuesday Evening—Praise is Evidence of Esteem—Will go to the Church at Farmington.

Tuesday evening at eight o'clock a committee from the Northminster church called at the manse, 210 North Fayette street to express appreciation to Rev. and Mrs. J. H. Morphis who were chosen by Rev. W. E. Spoonst to supply the pulpit during his absence overseas in Y. M. C. A. work in France.

The committee consisted of Joshua Vasconcellos, James Scott and William Beiber, Mrs. Emma Vieira, Mrs. James Scott, Mrs. A. P. Vasconcellos and Mrs. John Baptist.

Beiber was spokesman for the men and was strong in the words of praise for the good and faithful services rendered by Mr. and Mrs. Morphis during the past ten months. Mrs. James Scott spoke for the lady members of the committee and said many complimentary and beautiful things concerning the labor of these servants of the people.

As a further evidence of sincerity of the committee they presented a purse from the church and friends running up toward the century mark.

Rev. and Mrs. Morphis tried to respond but words were lacking with which to meet the occasion. After a very pleasant hour the committee departed leaving them richer in purse and sacred memories.

DESPONDENT WOMEN

A prominent writer claims that "women are naturally despondent," but often mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, and consequently despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble, it gives tone and strength to the system and restores women to a normal, healthy condition.—(adv.)

And It's Well Worth Your While

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself.
AND REMEMBER—The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.
YOUR OPPORTUNITY IS HERE—
At our store—during our Majestic Bargain Week. It's your chance to get acquainted with real facts about ranges. We assure you it will be worth your while to investigate.

Two New and Important Features

THE WONDERFUL UNSEEN RIVETING—
Yes, it's rivet-tight, just like the old Majestic, but the rivets clinch inside of nickled parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, moreover, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.
OH, JOY! TOP NEEDS NO BLACKING—
A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color.
If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the insides of ranges.

HAVE RETURNED FROM MEETING

Officers of Clover Leaf Company Return from Missouri Meeting—Prospects Bright for Company in Missouri and Kansas

R. Y. Rowe, secretary, O. H. Wilder, manager of the farm department and Fay G. Smith, manager of the life department of the Clover Leaf Life and Casualty company, have returned from Excelsior Springs, Mo., where they attended a meeting of the agents of the company.

The meeting was primarily for the purpose of perfecting organization of the life and farm departments in Missouri, a license having been recently granted the company in that state.

The meeting was attended by thirty agents and was held at the Elms. The meeting was called to order by R. Y. Rowe who outlined the plans in reference to developing of the new line of policies now being issued.

O. H. Wilder, manager of the farm department, discussed in detail the advantages of that department and its opportunities. Fay G. Smith discussed in detail the new Clover Leaf Life policy.

H. L. Brandt, adjuster of the claim department, who has been in Kansas on company business joined the gathering at Excelsior Springs and spoke of the value of advertising through settlements and company system of cooperation with the men in the field in the development of business. Mr. Brandt who is with the home office returned home with the party.

Before returning home R. Y. Rowe held a meeting in Kansas City at which eighteen agents were present. He spoke of the wonderful wheat crops of Kansas this year and predicts the company will do a big business in that state the coming year. At the meeting the agents pledged \$50,000 in farm annual premiums and \$500,000 in life business in Missouri and Kansas from August 1st to December 1st, 1919.

A license to do life business in the state of Kansas was granted the Clover Leaf company a few days ago. It will be the purpose of the company to perfect plans for making an active campaign in that state at once.

O. H. Wilder did not return to the home office with the other members of the party but continued on to Kansas on company business.

General Agents Convention
It had been planned by the company to have the general agents convention in Detroit but these plans have been altered and instead the agents will meet at home office in this city.

Speaking of the matter yesterday C. Y. Rowe said there were a number of reasons why it was more desirable to hold the convention here. First, is the fact that Jacksonville is almost in the geographical center of the company's territory. Second, and perhaps the best reason is that nearly all of the agents desire to visit the home office. The company believe that there will be more unity in effort if the agents can be brought here and become acquainted with the officers and employees of the home office.

While the business meetings will be held at the home office the company has planned an outing that should be delightful to all. Cottages have been secured at Quiver Beach above Havana for fifty people from August 29 to September 2.

The agents will be taken to this beautiful summer resort accompanied by the head officers of the company and two chefs and the time will be spent in fishing, boating, swimming and sports of various kinds. Men get better acquainted on a camping trip than in any other way and it is believed that ideas will be exchanged which will result beneficially to the company.

In addition to the general agents, the company has arranged for two additional cottages from Saturday, August 30 to Tuesday, September 3, for the entire force of the home office. The home office employees will be guests of the company from Saturday evening until Monday evening.

New Life Policy.
The company recently received the first consignment of new life policies. The policies are the work of an engraving company in Detroit. The policy has a border design representing clover leaves intertwined. This design was made by Miss Norma Virgin of Virginia and is a beautiful piece of work. Miss Virgin was awarded a prize on the design at the New York Art Exhibit.

SPEED COP WAS SOON OUTDISTANCED

An officer of the law had considerable experience with a speeder on South Main street Monday evening, it is said, but that is all that he did get as the speed law violator got away.

A friend of the officer's, who owns a car offered to help in the apprehension of law breakers in the city and so the officer got into the auto and the two motored at a slow rate of speed out South Main. They had not gone far when another motorist, traveling in the same direction passed them. The officer stated that he thinks the other driver saw his star. At any rate the driver of the second car immediately stepped on his accelerator and shot away from the officer and his friend at high speed. Altho the official car did its best it could not gain on the fugitive. It is stated that the officer's aid had his car up to fifty miles per hour, but the other driver turned east at Michigan avenue and was soon lost sight of.

WITNESSES VARY IN LAND VALUE OPINIONS

Condemnation Suit Proceeds Before Judge Samuell in County Court—Jurors Inspected Land Tuesday Morning.

In the county court Tuesday afternoon the condemnation proceedings brought by the city against John Hodges and James Rook were continued. The members of the jury in charge of Sheriff Weatherford and Deputy Sheriff B. C. Andrews, visited the site of the reservoir and examined the lands in question.

The law provides for such a visit of inspection by jurors in cases of this kind. When the trial was resumed at 1:30 o'clock in the afternoon a number of witnesses were placed on the stand by the city to testify as to their estimate of the value of the land which the city is now seeking to take for reservoir purposes. Among the witnesses examined were J. F. Barry, Ralph Reynolds, Walter Carter, Thomas Harrison, E. B. Wiswell, J. A. Clark and M. R. Joyce.

The estimates as to the value of the Hodges land varied from \$200 to \$350. Some of these estimates were simply on that part of the land required for reservoir purposes and others were for the 46 acres as a whole. The estimates as to the value of the Rook land of the creek varied from \$100 to \$150 per acre. The trial will be resumed this morning.

JACKSONVILLE NOT IN FAVORED RAIN DISTRICT

Drenching at Alexander Tuesday Afternoon But Here the Dust Still Blows—Rain in Many Localities.

Jacksonville and vicinity appeared to be on the weather man's black list again Tuesday afternoon and evening when showers prevailed at many more fortunate sections through central Illinois. At Alexander Weather Observer George H. Hall reported that Tuesday afternoon that town and vicinity was visited by a most welcome rain storm and that the precipitation amounted to 1.40 inches.

At Winchester Tuesday afternoon a drenching rain fell for a little time. While the storm did not last as long as was hoped for, the dust was more than settled, the corn benefited to an extent and pasture lands somewhat renewed.

Quite a number of other cities were favored with moisture yesterday as the following Associated Press dispatches received at the Journal office last night will show:

Decatur, July 29.—The first rain in more than three weeks fell Monday night, measuring .56 of an inch, enough to lay the dust and give some moisture to the hard baked ground.

Danville, July 29.—Danville and the northern end of Vermilion county were visited by a heavy rain last night, benefiting the corn crop to good extent.

Hannibal, July 29.—More than half an inch of rainfall here last night offered some relief to crops. The rain extended only a few miles north and but little further south.

Bloomington, July 29.—Rain in copious quantities fell in different parts of this section last evening and much growing corn was benefited. In some parts, including Bloomington, there were but slight showers. At Mackinaw a regular torrent raged for a short time and heavy rains productive of much good fell to the north and south of here.

Champaign, July 29.—A fairly good rain fell over the greater part of Champaign county last night benefiting corn.

Galesburg, July 29.—Knox county had a rainfall last night which saved the corn crop and renewed pastures.

ENGINE WHISTLE CAUSED INQUIRIES

Commencing about eleven o'clock last night and lasting almost an hour the residents of the city were startled at the noise made by some engine whistle. There were various rumors concerning the origin of the blast. It was stated by some that a railroad engine was in trouble. Another frequent query was whether or not it had any connection with calling out the local unit of reserve militia for riot duty in Chicago. There were many calls at the Journal office regarding the sound.

As nearly as the Journal could ascertain the whistle was caused by an engine with a threshing outfit just south of the city.

RECEIVE NEWS OF DEATH OF RELATIVE IN ENGLAND

Information has been received by relatives here of the recent death in England of Mrs. Thomas Dawson, daughter of Mr. and Mrs. Thomas Jenkinson, formerly resident in this city, but who some years ago returned to England. No details were received other than that death followed an illness of three days.

The deceased is survived by her husband and two children, and by her parents, all residing in Carlisle, England. Her brother, Percy Jenkinson, now a resident of Minneapolis, was formerly a resident of this city. Mrs. Dawson was known to a number of local people as during her parents' residence here she was a visitor in the city. Her death comes as a great shock to her relatives and friends.

JOURNAL SUBSCRIPTION RATES TO ADVANCE

Increased Production Costs Compel Change—New Schedule Effective August 1st.

The costs of production in the newspaper business have increased so steadily within the past few months that the Journal Company has determined that an increase in subscription rates is necessary.

Effective August 1, 1919, the subscription rates of the Daily Journal will be as follows:

In city by carrier:
Per week\$.15
One month65
3 months 1.90
6 months 3.75
One year 7.50

By mail:
3 months 1.50
6 months 3.00
One year 6.00

An advance to 12c a week was made last October with the hope that the increase in revenue would go far toward meeting the larger costs of production. However, that was not the result and as the cost of newspaper publishing has continued to ascend, this further advance in price has been found necessary. A large number of papers in Illinois have previously placed their subscription price on the same scale as now announced by the Journal Company.

Newsprint, which enters so largely into the cost of newspaper production, has increased 90 per cent in the past two years. The freight rate on newspaper has increased 75 per cent. There have been increases of a similar kind in every department of production and the higher subscription prices have thus become necessary.

This somewhat extended explanation is given so that Journal subscribers may understand that the increases are not arbitrary but have come about as the result of present day conditions.

GRAIN CARS SCARCE AT WHITE HALL

Shortage Causes Delay in Completing Threshing of Winter Wheat Crop—R. Bruce Beson a Guest at Home of G. A. Raffety—Other News Notes of Interest.

White Hall, July 29.—The car shortage is causing delay in completing the threshing of the winter wheat crop, and threshing operations have proceeded over less than half of the crop in this section on account of the halt in the movement of the car situation. The shortage does not seem to be entirely confined to grain cars, as the stone ware manufacturers complain that they are experiencing serious delay in getting their products moving. Sewer Pipe and drain tile is a class of products that can be shipped in stock cars as well as rough box cars, and this class of products is having more success in getting cars. It would seem that with two railroads at White Hall, there would be double the opportunity for

securing grain cars, but the local situation seems to be as acute as that at grain shipping points in this section where there is but one railroad.

The past week has been favorable for farm work, there being no rain, but the absence of rain is now a serious matter. A "low" in the southwest promised showers in this section Sunday evening but only a slight cloudiness came from it. There were good showers thru Missouri that extended to Atlas, Pike county, Illinois. On good land where the corn has received adequate plowing the crop will come all right with rain in a week, but on thinner land where the crop has not been plowed for a month, the effect of the dry weather is already apparent.

Chautauqua Week Approaching.
The fourth annual White Hall Chautauqua will be held August 17 to 24, eight days, on Gregory Farm Park, as usual. A well has been sunk to provide ample drinking water of splendid quality, a drawback with past assemblages, and the sanitary arrangements are something that have not heretofore received the attention given this feature this season. The swimming pool has been overhauled. All these things assure the usual tent colony. The programs will be issued this week. Tickets can be procured at the People's Bank at any time. General Naylor of the 33rd Illinois Division is now assured of being here. Dr. Aked, England's great preacher and Rockefeller's pastor, will speak on "The Policy of David Lloyd George." Joe Hanley, an overseas captain, who has appeared before the White Hall Protherood, will be a speaker and there will also be DeSanto, the Italian statesman and Dr. St. John of Russia, who will speak on "Bolshevism." William Sterling Battis, an impersonator of Victoria record fame, and Alma E. Smith, America's greatest child impersonator, are listed and in music there will be Vitell's Band, Grossman's Orchestra, The Temple Choir, Filipino Orchestra, Grand Concert Co. and the Van Loon Singing Orchestra of players and singers. There will be other musical and miscellaneous attractions that will uphold if not still further enhance the reputation of the White Hall Chautauqua.

The Death Record.
A. O. Vossler has received word of the death of Thomas M. Wallace at Mt. Sterling, Illinois. He was second lieutenant of Company I, 91st Illinois, and is the last commissioned officer of that Civil War company, composed mostly of White Hall veterans. He was 83 years of age. His wife survives, she being a daughter of the late James Israel of White Hall. Mr. Wallace was a stone cutter and moved to Brown county over thirty years ago.

The remains of Mrs. Nelson Phillips, who died on the 22nd at the age of 77 years, were taken to Nebo, Pike county, for burial on the 24th. She was the mother of M. A. Lewis of White Hall. She owned property at Nebo.

Mary Elizabeth Price, aged three and one half years, daughter of Mr. and Mrs. Harry C. Price, died on the 23rd at the home of its grandparents, Mr. and Mrs. W. S. Strang, where funeral services were held on the 26th.

White Hall Notes.
The hot weather has caused a number of citizens to think of more congenial climes. Mr. and Mrs. Carl Lowenstein will leave this week for Colorado Springs. Those who will go later are Dr. and Mrs. L. O. Presh to Michigan, Mr. and Mrs. E. C. Boehm to Wisconsin, Mrs. J. N. Winters to Boston, Mr. and Mrs. W. L. Winn to Indiana. Mrs. Minnie Pierce left today for Hammond, Indiana, and will accompany her son Ralph and family to Indiana Harbor, where fishing is said to be the best in the world.

Sunday was called White Hall Day at the Bartholmew bathing beach at Kampsville, and the attendance from here was large.

David Hudson has been appointed by T. J. Grant, president of the park board, to take supervision of the park grounds and keep them in good condition. This will insure women and children of a suitable place to enjoy park comforts. Mr. Hudson has been given police authority by Mayor McLaren. He will arrange for the illumination of the park on Saturday and Sunday nights. Figures are being received for considerable work on the pavilion.

John R. Stanton, president of the Stanton & VanVleet Publishing Co., of Chicago, made a

flying trip to the old home today. He has enlarged his traveling area now being on his way to Europe in the interest of his publishing house.

A reception in honor of Rev. O. A. Carmean, the new pastor of the First Baptist church was held week at the parsonage that drew out a large attendance of the membership. The Baptist is a powerful denomination in this section and Rev. Carmean is relied on to bring them out of dormancy into action that will make his church what it should be.

Numerous surveys have been made about the interlocking plant in the north part of town, and the belief is growing that it is the intention to erect a new building and install an electric interlocking system. Maintainer C. C. Withrow expects to spend August with his sons in North Dakota.

Mrs. A. E. Meisenbach is again here from St. Louis for a sojourn during the greater part of August. Her son, Edward, has been here for some time. She will sing in the Methodist church next Sunday morning and in the Presbyterian church at night.

A Distinguished Guest.
For the past two weeks there has been a rather distinguished looking guest at the home of George A. Raffety, who had with him an elegant seven passenger car. He has been in and out over this section during his stay, and upon more detailed inquiry it is learned that the two gentlemen are former school mates of Wrights township, they having attended the Jericho school and ever since then they have followed the fortunes of each other with unvarying interest. The name of this visitor is R. Bruce Beson. His father was W. S. Beson, teacher of the Jericho school during the time here recalled, and also owned what is now known as the W. A. McGowan farm. There were three of the boys, Guyann, Bruce and Sam. They moved to Woody township when Bruce was thirteen years of age. After about two years Bruce went to St. Louis and afterward drifted to Minneapolis, Minn., where he has attained prominence as a financier. He became identified with the banking and commercial interests of Minneapolis. He organized the Bankers Casualty Company, and is its president.

It is fair to assume that R. B. Beson will be as successful in this as he has been in his previous financial ventures and the confidence of his life-long friends is such as to give added impetus to his oil venture, he having taken care of his main oil project in connection with his old Greene county friends. He says that he has a very good attorney, who is also a native of Greene county, coming from White Hall, and his name is Judge M. D. Purdy of Minneapolis formerly assistant to the attorney general of the United States.

MANY LOCAL PEOPLE AT PENTWATER

Certainly Pentwater, Mich., has become a popular resort for Jacksonville people. A card received yesterday from T. M. Tomlinson told of the arrival of eight more Jacksonville people, making the family group from this city twenty. In addition, Prof. Furr and family former residents here, are now in Pentwater. Mrs. L. S. Doane and daughter Caroline will soon leave for Michigan to spend two weeks as guests at the Furr cottage.

"Gee-Whiz! How it Hurts!" —The Pain in My Foot!

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such condition, you can readily overcome, and prolong life by taking the advice of Dr. Pierce, who

"Keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably not water, before meals, and drive the uric acid out of the system by taking 'Munroe.' This can be obtained a almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, headache, dizzy spells, or twinge and pains of lumbago, rheumatism or out; or sleep is disturbed two or three times a night, take head, before too late let Anurie (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cent trial package.

ON BOARD THE U. S. S. New
Mexico, Sunday, July 27—By
Wireless Via Colon to The Asso-
ciated Press—The Pacific fleet
which passed successfully thru
the Panama Canal yesterday on
its voyage from Hampton Roads
to the west coast of the United
States tonight sailed from Panama
for San Diego, Cal.
Thousands of sailors from the
fleet took peaceful possession of
Panama today and no disorder of

Until recently American sol-
diers and sailors were not allow-
ed to visit Panama.

BERGER PREFERS

I. W. W. TO A. F. OF L.
WASHINGTON, July 28.—
Victor Berger, testifying today
before the special committee in-
vestigating his right to a seat in
the house, said he preferred the
Industrial Workers of the World
to the American Federation of
Labor, because he added, "Samuel
Compers for some time past has
been the tool of capitalists."
Asked to explain this state-
ment more fully, Mr. Berger said
that of the two labor organiza-
tions, the I. W. W. was the better
for it at least had the class in-
stinct. Reference to the labor
union came near the end of the
session devoted to review of Mr.
Berger's speeches and writings
opposing the European war which
the Socialist leader read to the
committee.

Mr. Berger said he was in favor
of intervention in Mexico in
1916 but greatly opposed to the
draft and its effects in forming an
army in 1917.

Every war, if not a war to re-
pulse invasion, he said was a
crime against humanity and the
last war was the greatest crime
ever committed.

Asked by Representative Welty,
Democrat, Ohio, his probable at-
titude if permitted to take his
seat in the house, Mr. Berger re-
plied that he always would vote
against war appropriations, but
would support tax legislation pro-
vided there was an equal distribu-
tion of the taxes among the
classes.

DEFEAT ALL FAVORITES

AT COLUMBUS MEET
COLUMBUS, O., July 28.—It is
almost axiomatic that the mid-
summer Grand Circuit Race Meet
here is a severe trial for
horses that rule as favorites in the
auction pools. In keeping with
this precedent, every favorite
in each of the events was defeat-
ed, even old Single G, going
down in the free for all pace.
He won the first heat and Miss Harris
M, the next two.

Judges removed Stokes at the
end of the second heat, Valentine
driving Single G in the final mil,
but the best he could do was to
make Miss Harris M, step in
2:00 1/2 to win.

BREAKS IN HOGS

LOWER CORN

Nervousness Over Labor Con-
ditions and Race Riots Also Have
Depressing Effect on Market.
Chicago, July 29.—Nervousness
over labor conditions and race
riots had a depressing effect to-
day on the corn market. Prices
closed weak, 3/4 to 7/8 net lower,
with September \$1.96 1/2 and De-
cember \$1.71 1/2 to 1.71 1/2. Oats
lost 1/4 to 1 1/4. In provisions the
outcome varied 35c decline to 25c
advance.

It was thru severe breaks in the
value of hogs that the influence of
strikes and riots become most
directly a factor in the corn
trade.
Labor shortage at the stock
yards had been rendered so acute
that packing houses were unable
to handle anywhere near the nor-
mal amount of livestock. With
hog prices the dropping in some
cases \$1 a hundred weight, a set-
back of corn values was virtually
certain.

FORMER RESIDENT IS VISITOR IN COUNTY

Mrs. James J. Matchell of New York City Was Recent Guest at Meredosa—Charles Nunn Home from Overseas Service—Other News.

Meredosa, July 29. — Mrs. James J. Matchell of New York City, Mrs. M. E. Fifield and Mr. and Mrs. Benson Hume of near Chambersburg, were callers at the home of Mrs. Jane Waldo and daughter, Miss Nellie, Saturday. Mrs. Matchell was born sixty-two years ago at the Waldo homestead and was the daughter of George Reardon, a former resident of Jacksonville. She is visiting relatives near Chambersburg and is on her way to California and Yellowstone park.

Edward C. G. Julian Shannon, John Elden, Harry Ham and Charles Harbert met with an unfortunate accident Sunday afternoon while returning from Jacksonville. Their car was demolished by a collision with a car driven by a son of Alfred Brockhouse, the driver of the latter car coming out of a field where he had witnessed a ball game. The occupants of Mr. Cody's car luckily escaped injury other than a few cuts and bruises.

Mr. and Mrs. Edward Wackerle and daughter Marjorie of Jacksonville were guests of Mrs. Wackerle's parents, Mr. and Mrs. A. E. Ritscher Saturday and Sunday.

Kenneth Looman and Merio Hodges arrived home Sunday from Peoria where they have been attending Bradley college. They motored thru in the former's car.

C. W. McLain has shipped his household goods to Joliet where he is employed in the penitentiary. The family will join Mr. McLain soon.

Marjorie and Virginia Jerdon who have been visiting their aunt, Mrs. Lena Orr, left Sunday for Boardman to visit their uncle, L. H. Wegehoff, before returning to their home in Granite City.

Charles Nunn returned home Saturday from overseas service and will visit his parents, Mr. and Mrs. Albert Nunn.

F. W. Brockhouse and family of Jacksonville were week end visitors with relatives here.

Mrs. Kathryn Schroll and brother, Will Sarver, arrived Friday from St. Louis in their car to attend to business affairs.

Mrs. Margaret Brewer and Miss Olivia Driscoll visited relatives in Griggsville Saturday and Sunday.

Mrs. C. W. Spreen of Jacksonville visited relatives in this place Saturday and Sunday.

Miss Anna Easley of Barry visited her parents, Mr. and Mrs. James Easley, Sunday.

Virgil Skinner of Jacksonville

visited Chester Skinner and family Sunday.

Miss Gladys Galaway, who has been attending Chicago University arrived home Saturday. While away she also visited relatives in Detroit, Mich.

Miss Ella Heavener returned home to St. Louis Monday after visiting Miss Ruth Hughes.

A. C. Cody of Jacksonville visited his mother, Mrs. Mary Cody, Sunday.

Miss Fay Skinner of Jacksonville is spending the week with Miss Greta Locman.

Mrs. Thomas McGinnis returned Saturday from visiting relatives near Chambersburg.

Mr. and Mrs. Ralph Schweer, Mrs. George Sawyer and two children, Mr. and Mrs. Thomas Beoley spent Sunday at the home of Mr. and Mrs. Dave Schnaky near Bluffs.

Miss Hazel Floyd of Chicago is visiting her father, George Floyd and other relatives.

SAILOR VISITED RELATIVES IN CITY

W. L. Chapman Visited Sister, Mrs. W. I. Brown, for First Time in Twelve Years—Has Visited Many Foreign Countries

W. L. Chapman of the U. S. N. left last night for Chicago after a visit of several days at the home of his sister, Mrs. W. I. Brown on W. L. Independence avenue. From Chicago he will proceed to Omaha, Neb., to have charge of a navy recruiting office. It was the first time in twelve years that Mrs. Brown had seen her brother and it is needless to say that the meeting was a happy one. The day before his arrival Mrs. Brown received a card from her brother, written from New York, stating that he would write a letter in a few days. Her surprise was therefore great on Tuesday morning when her brother arrived at her home.

Young Chapman has been in the navy for the past twelve years, and during that long period has seen a great deal of the world. On his first enlistment he was stationed on board the S. S. Hopkins, a destroyer, and later he was in board the S. S. Maryland, an armored cruiser. He was afterward transferred to a U. S. navy station in China and for three and a half years was located at various points in that country.

At the time the U. S. declared war on Germany Chapman was far in the interior of China. He was fortunate in escaping internment and went to Manila where he got on board one of a fleet just leaving for service in the Mediterranean. During all the intervening time the fleet has been in the Mediterranean, with the base at Gibraltar, and Chapman was the chief storekeeper of the American forces at Base No. 9. The fleet returned to the U. S. on May 19, and Chapman was later transferred to the Nebraska recruiting station.

Among interesting places which Chapman has visited are Port Said, Egypt, Bombay, India; Singapore; British North Borneo, Malta and Naples, Italy. He naturally has many experiences of interest to relate and his visit in this city was a source of much pleasure to his relatives and friends.

ELM GROVE

Master Glenn Lear returned Monday to his home in Versailles after making an extended visit with his aunt, Mrs. Theodore Angelo.

Mr. and Mrs. Joe Barnhart called on Mr. and Mrs. Otis Whewell Wednesday evening.

This neighborhood was well represented at the Murrayville picnic Thursday.

Mrs. Ruth Koyne and two children spent Thursday and Friday with R. F. Ragan and family.

Eleanor and Wilmer Lear are here for a brief visit with their aunt, Mrs. Theodore Angelo.

Mrs. W. S. Curtis spent Saturday and Sunday in New Salem, the guest of her sister, Mrs. Hattie Cobb.

Mr. and Mrs. Walter Casson and two children Dorothy and Floyd, spent from Friday until Sunday in Prentice, visiting the former's brother, Roy Casson and family.

Mr. and Mrs. George Flynn called on his parents, Mr. and Mrs. Timothy Flynn Sunday afternoon.

E. R. Angelo spent Sunday with Mr. and Mrs. R. R. Ragan.

Mr. and Mrs. Willis Allen and children were Sunday guests of Mr. and Mrs. Oliver Angelo.

Miss Faye Ranson visited relatives in Jacksonville Saturday night.

Mr. and Mrs. R. R. Ragan and two daughters, Mildred and Olive, called on Mr. and Mrs. Theodore Angelo Sunday evening.

SOCIAL SERVICE LEAGUE ASKS HELP

The Social Service League of this city is at the present time having a number of calls for relief. It is increasingly difficult for the unfortunate poor to make ends meet. When food bills and rent are paid, there is little or nothing left for clothing. This being the case the League is naturally called upon, and finds the demand much greater than the supply. We would therefore be glad to receive donations of used garments and shoes, particularly children's, and assure the donors that whatever they send will be placed where most needed.

Packages may be left at the League Rooms, 323 West State street, or phone Ill. 26.

SPRINGFIELD PRESBYTERY

A special meeting of the Presbytery of Springfield was held at the First Presbyterian church of Springfield Monday. The purpose of the session was to dissolve the pastoral relationship between Rev. J. W. McKinney and the Divernon Presbyterian church; the dismissal of Rev. R. F. Jenney of Decatur to the Presbytery of New York; and the dismissal of L. L. Moecker to the Presbytery at Alton.
